

Enlarging Your Coast

I Chronicles 4:9, 10...

“ENLARGE”

To grow, add to something or add to someone, to make room for, increase;

To multiply, make great, make better, more influential, make significant, to excel, make plenteous, numerous, increase exceedingly...

“COAST”

Boundaries, borders, limits, confines, etc. We all operate within certain boundaries, limits and confines but God wants to extend our borders and remove our limits.

That’s what it means to enlarge ones’ coast. Jabez’ limits and boundaries came from his family background (sorrow; only mother mentioned) and we all have limits and boundaries from some places or the other. But God wants to take every limit off our lives...
